PROFILE

Dynamic and results-driven Web Developer with a proven track record in delivering innovative solutions. Adept at leveraging modern technologies to drive efficiency, enhance user experiences, and meet organizational goals. Recognized for creativity, attention to detail, and problem-solving skills.

KEY ACHIEVEMENTS

Executive Digital Services, SLT-Mobitel (Current)

Improved Customer Retention: Spearheaded the development of new value-added services, enhancing usability and performance to meet customer needs.

Data-Driven Decision Making: Designed analytics frameworks to identify customer trends, leading to more effective targeted marketing campaigns.

Enhanced Quality Assurance: Led testing processes for digital services to ensure compliance with quality standards before launch.

Intern Software Engineer, SLT-Mobitel (Dec 2022 - June 2023)

Streamlined Development: Contributed to the creation of responsive and user-friendly web applications using React.js for modular designs.

Improved System Connectivity: Developed RESTful APIs, enabling better communication between different system components.

UI/UX Contributions: Designed intuitive interfaces in Figma, improving user experiences and engagement.

Optimized Database Management: Engineered database schemas and implemented efficient data handling practices with MySQL.

Final Year Project: Courier Service Performance Tracker

Predictive Analytics Deployment: Implemented machine learning models to predict customer churn and delivery success.

Cloud Deployment: Hosted the application on AWS to ensure seamless scaling and reliability.

Comprehensive Data Management: Integrated MySQL databases to improve data accessibility and operational efficiency.

EDUCATION

B.Sc. (Hons) Information Technology Specialization in Information Technology. (Graduated at 2024 March)
SRI LANKA INSTITUTE OF INFORMATION TECHNOLOGY (**SLIIT)**

Completed coursework towards G.C.E Advanced Level - Arts stream 2018   **S'T Anne's College Kurunegala**

TECHNICAL SKILLS

Programming: Python, JavaScript, Java, C#, PHP, C++ / **Web Development:** React.js, MERN, Laravel, HTML5, CSS   / **Database Management:** MySQL, Firebase, MongoDB
DevOps & Cloud: AWS, Azure, Linux Administration , CentOs
